Manko, Gold, Katcher & Fox Panelists for “Environmental Compliance for Camps: The Requirements and Best Practices You Need to Know” Webinar

Philadelphia, PA (February 3, 2016) – Manko, Gold, Katcher & Fox (MGKF) partners Christopher D. Ball and Katherine L. Vaccaro are panelists for a webinar entitled “Environmental Compliance for Camps: The Requirements and Best Practices You Need to Know” to be held February 25, 2016 at 10:00 a.m. EST. MGKF will discuss regulatory requirements and best management practices to minimize camp environmental liabilities relating to: managing camp water, permitting and maintaining back-up power sources; proper storage and handling of hazardous materials; and planning for, and responding to, spills and other potential incidents. The program, co-sponsored by MGKF and AMSkier Insurance, will run about 45-minutes with time reserved for questions and answers.

A partner focused on environmental litigation and regulatory compliance, Ball counsels clients with a unique perspective resulting from his significant regulatory work at both the state and federal levels. As a former deputy attorney general for the state of New Jersey, Chris's litigation experience includes complex federal Clean Air Act citizen suit actions, state solid waste enforcement cases, and administrative challenges to United States Environmental Protection Agency (EPA) rulemaking. Having also served as a state liaison for USEPA Region III, Ball has similarly substantial regulatory experience under a wide range of federal environmental statutes.

Vaccaro concentrates her practice on regulatory matters related to air quality, counseling a range of clients, including petroleum refineries, power plants, chemical manufacturers, and commercial entities. Since joining the firm decade ago, she has developed extensive experience in assisting clients with compliance issues arising under federal and state air pollution control regulations and securing air permits for a variety of complex industrial and commercial facilities, as well as negotiating agency enforcement actions alleging violations of regulatory requirements.

MGKF concentrates its practice in environmental, energy, safety, and land use law and litigation. It represents clients ranging from Fortune 100 corporations to small, privately held enterprises, both in the Mid-Atlantic region and on a national basis. MGKF is honored to be the top-rated law firm, since 2011, in the Top Workplaces surveys by the Philadelphia Inquirer, Daily News and Philly.com. Offices are located at: 401 City Avenue, Suite 500, Bala Cynwyd, Pennsylvania; 535 Route 38, Suite 145A, Cherry Hill, New Jersey; and at 25 West Third Street, Suite 303, Williamsport, Pennsylvania.
