**“PEACE AND LOVE”
IS THE THEME OF TJP’S CONCERT
AT DAUPHIN COUNTY JAZZ AND WINE FESTIVAL**

September 8, 2017 – 6:30 p.m.

Ft. Hunter Park, Harrisburg, PA

Philadelphia, PA (August 14, 2017) – “PEACE AND LOVE” is the newest album by the Philadelphia-based band TJP (formerly known as The Jost Project) – Tony Miceli-vibraphone, Paul Jost-vocal/harmonica, Kevin MacConnell-bass with Doug Hirlinger-drums that was recorded with special guest Joel Frahm-saxophone. Being released in the fall, the band looks forward to performing the music from the album at the Dauphin County Jazz & Wine Festival, Friends of Jazz Night on September 8, 2017 presented by the Central PA Friends of Jazz. Opening for Joey DeFrancesco + the People, The Jost Project performs from 6:30 to 8 p.m. at Ft. Hunter Park, 5000 N. Front St., Harrisburg, PA. Tickets are \$50 in advance and \$60 at the door for the three-day festival (Sept. 8 to Sept. 10). Tickets include free wine tastings from 12 PA vintners with food available. Guests should bring chairs or a blanket. No outside alcohol allowed. TJP is part of the Jazz Scene from Philadelphia concert at the festival and they are pleased to have special guest John Swana playing E.V.I. (electronic valve instrument) in their band. Their concert will preview their new CD that includes such songs as “Get Together”, “Wonderful World”, “Put a Little Love in Your Heart” and “America the Beautiful.” In these tumultuous times, the band hopes the messages in their album will resonate, bringing back reminders of the hippie generation when dialogue and constructive action for peace and love took place everywhere.

TJP is made up of highly acclaimed musicians who interpret classic rock as jazz. They are devoted to reaching new audiences for jazz with innovative arrangements of music by such artists as The Beatles, Simon & Garfunkel, Aerosmith, Led Zeppelin, Blind Faith and many others. A Philadelphia-based band that performs worldwide, they play frequently throughout Pennsylvania, in New York and New Jersey and have toured in South Korea and Ireland. Their first CD titled “Can’t Find My Way Home” (Dot Time Records) has been played regularly on Sirius XM radio and has audiences raving about their unexpected interpretations of this music. They are reaching into the “baby boomer” and subsequent generations who came of age with rock and roll, the Beatles, hard rock, and

other genres which are rarely played by jazz groups. In *Jazz in Europe*, Johan van Deeg wrote, "*The Jost Project is without a doubt one of the most creative bands I have ever heard,*" and Grace Blake, of Iridium, said "*They totally blew me away!*"
