Poet's Walk Rated Deficiency-Free

The Poet's Walk Leesburg memory care community earned the industry-respected designation of deficiency free when it was found to be in 100 percent compliance with state requirements from the Virginia Department of Social Services.

VDSS conducted the survey on July 17. The state conducts this survey and scores senior care facilities based on a number of criteria to assess resident care and resident safety. Assisted living communities are inspected twice a year.

"Everyone at Poet's Walk Leesburg works tirelessly to provide for residents the very best care year-round. Having received this designation is affirmation that we are succeeding and I, for one, couldn't be prouder of the entire Poet's Walk team for always going above and beyond," Executive Director David Compton stated.

Poet's Walk Leesburg is located at 102 Desmond Plaza SE. Learn more at poetswalkleesburg.com.
